Tuesday evening the friends of F. S. Hannon, who has been one of the instructors at the Branch Normal the past school year, met and tendered him a farewell party. The evening was spent in social chat and friendly talk calculated to remind Mr. Hannon and wife that some of the Cedar Socialists had not forgotten him, and would not be apt to for many moons. The gentleman was presented with a fountain pen, with which it is hoped by his socialist friends he will write many articles in defense of Socialism.

Words of Encouragement.

Occasionally our subscribers in remitting give a word of encouragement. The following from Senator Albert E. Miller is especially so, and publication is given it as home readers may know just what other people think of the Record and its work.

"The Record is doing a great work toward making Cedar one of the leading business centers of this district and a good work for the Branch Normal."

Little Girl Accidentally Poisoned

Randle Jones and wife were called upon to part with their little two year old girl. Reports were brought to Cedar that the little one inadvertently got hold of some carbolic acid and drank it. Everything was done to save the child but to no avail.

The father and mother were living in Coalville and as the father's home is here he desired that his little one be buried in the Cedar cemetery.

Accordingly the corpse was brought to Cedar and funeral services held in the tabernacle Wednesday afternoon.

Mr. and Mrs. Jones have the sympathy of the entire community in their bereavement.
